Quality materials FLEXA insists on the highest quality and sustainability as a standard when we make furniture. For example, we only use the highest quality wood from sustainable forests in Scandinavian. We are thereby ensuring that only the very best material is used for our furniture.

2-year guarantee FLEXA's aim is always to deliver the highest quality and safety. That is why we provide a 2-year guarantee against manufacturing defects on all our furniture. The guarantee does not cover damage to the lacquer surface caused by knocks or wear and tear.

Lacquer FLEXA furniture is surface treated with lacquer several times to give our furniture an optimal and elegant finish. At the same time it makes our furniture robust and more resistant to signs of wear and tear. FLEXA is only using eco-friendly water-based lacquer and UV lacquer, which meets the EU standard for lacquer.

Colour differences Many FLEXA furniture is made of solid wood or part of it is in solid wood and natural differences in colour may appear between individual products. This is only natural since wood is a living product. All FLEXA textiles are made of natural products. Natural differences in colour may occur.

Non-toxic furniture FLEXA cherishes the health of your child, given that all FLEXA furniture is tested according to the strict international safety standards EN71-3, DIN717-3, DIN 53160, GB28007-2011 children furniture standard in China and other relevant standards. Your guarantee of non-toxic furniture.
